

Green Drinks

7:30pm, Tuesday 19th May
and then the 3rd Tuesday of every month at the

Green Dragon

(Broad Street, Bungay)

There are no rules, just turn up, look for the Green Drinks sign and introduce yourself!

Green Drinks evenings are an informal opportunity to meet and chat with people who are interested in green issues - everything from social justice and the environment through to alternative economics and sustainable building.

The idea for Green Drinks grew out of some chance meetings in a London pub over a decade ago. Today there is an informal, global, Green Drinks network and you can use a website to find a Green Drinks event wherever you are in the world: www.greendrinks.org

Sustainable Bungay, part of the Transition Movement, is a community-led response to peak-oil and climate change
